Dear Carolina

Let me convey our appreciation for your efforts in giving our tired house a new look.

Even though Lionel and I had engaged Studio 2 just for re-designing our house, you have gone beyond the basic scope by rendering professional advice promptly throughout the entire renovation and refurbishment works to ensure everything turned out the way we wanted.

During the designing phase, you were meticulous in putting our thoughts into perspectives and were able to meet our deadlines for drawing submission.

Studio 2's design concept takes into consideration our current needs and provides for possible future changes. Besides ensuring that the design of our custom-made furniture achieves its aesthetical appeal, you also made certain that its practicability was not compromised.

We are delighted with the new look of our house. Thank you for "brightening up" our home!

Yours truly,
