Dear Carolina, Paisit & Andrew

INTERIOR DESIGN / THANK YOU

Thank you very much for helping us with the renovation works on our home. We knew that we have a good quality job at a fair price and you really cared about what you were doing.

We are very pleased to have you (Carolina and Paisit) as our interior designers. You are highly motivated and intelligent with proven skills in all aspects of interior design, project management and communication (both visual and verbal). You have also met our tight deadlines in this highly creative field. You have explained everything to us patiently and throughout the job we knew what to expect. All the workmen on the job were also very professional and polite.

We would not hesitate to recommend Studio 2 to families who need renovation works on their homes.

We had an excellent experience working with you. Congratulations on a job well done!

Yours sincerely,

Vivienne Andy
